Once finished the installation, break and remove the spacer in polystyrene

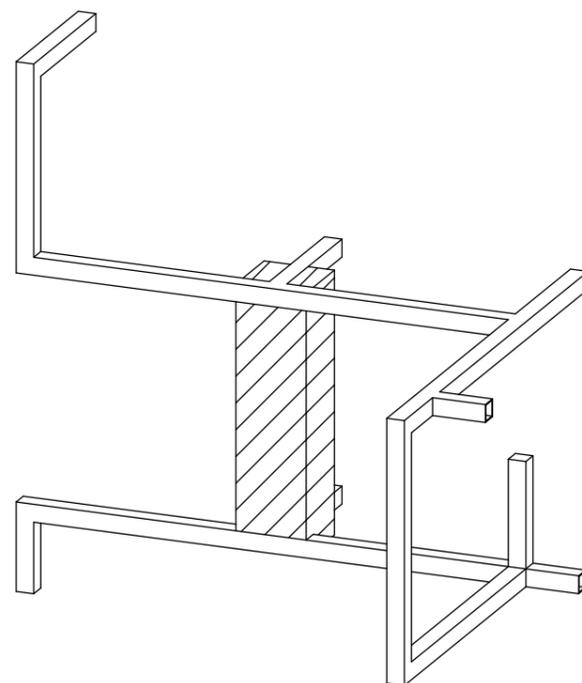

**MOD. A**

**MOD. B**

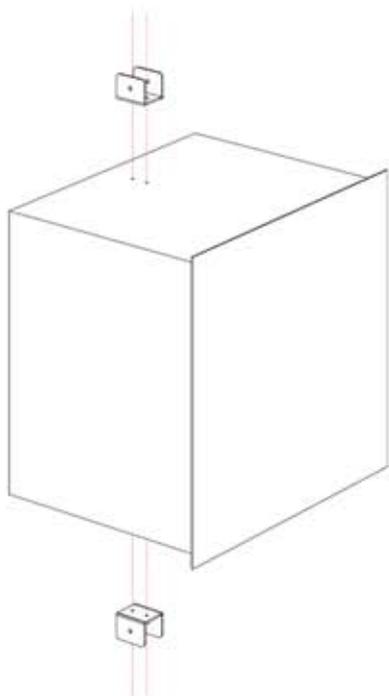

**MOD. C**

**MOD. D**

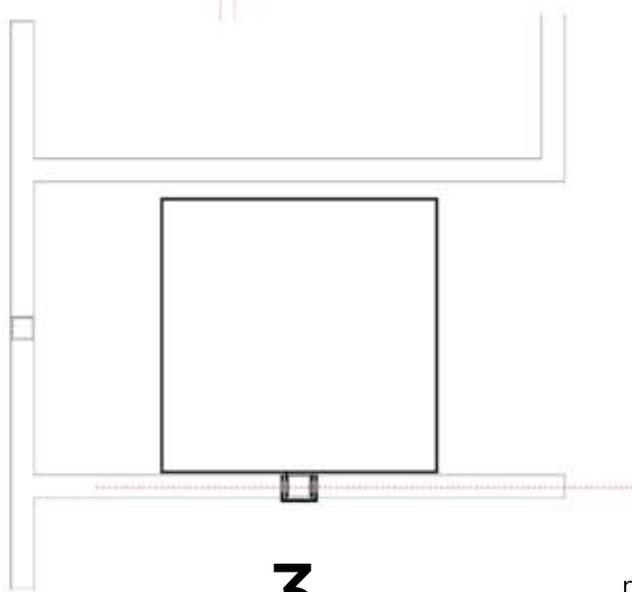

1.

1. Se necessario, per stabilire l'apertura dell'anta (Dx o Sx), smontare dal coperchio del contenitore la "U" di metallo e ri-avvitarla sul lato opposto del contenitore utilizzando le stesse viti.

1. *If necessary, to determine the opening of the door (right or left), remove from the top of the container the "U" and re-screw it on the opposite side using the same screws.*

2.

2. Posizionare il contenitore sul traverso a muro del modulo ANTOLOGIA

2. *Place the container on the beam to the wall of ANTOLOGIA*

3.

3. Fissare in sicurezza il contenitore con la "U" di metallo in dotazione bloccandola con le apposite viti

3. *Safely fix the container with the "U" supplied metal and blocking it with the screws*

## ANTOLOGIA\_Contenitore
