

Istruzioni di Montaggio

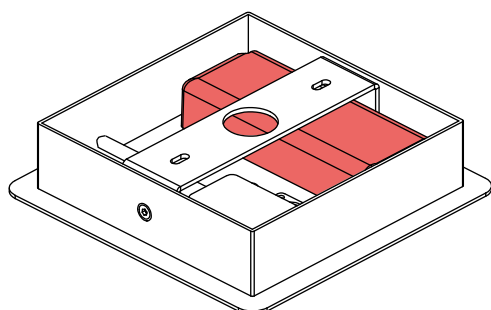

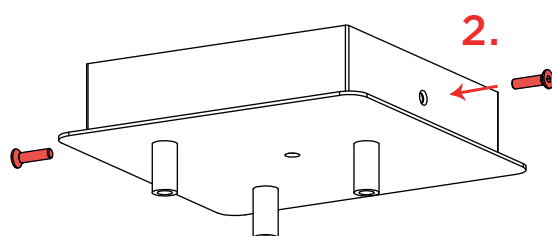

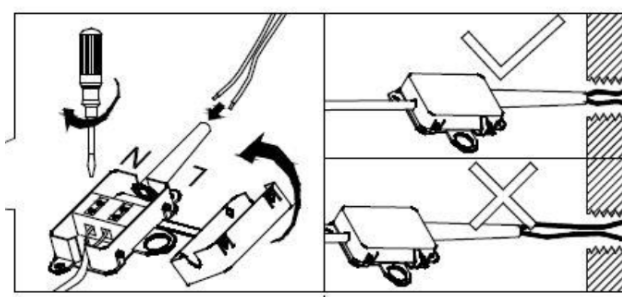

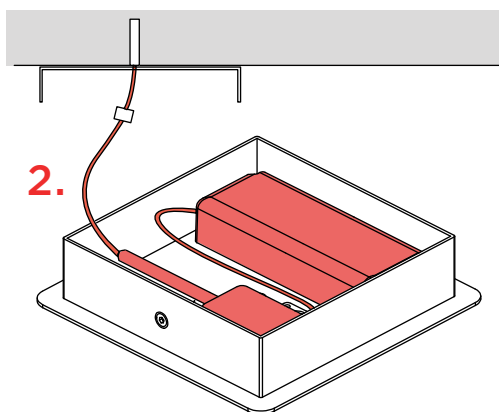

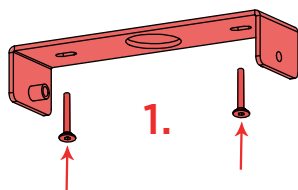

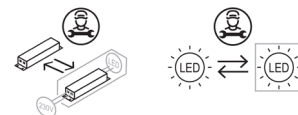

Assembly Instructions

METRICA LAMP

Lampada | *Lamp*

Designer: Crtlzak
Anno | Year: 2025
Materiali | Materials: Lampadario con struttura in metallo e Led flessibile 360° | *Chandelier with metal frame and 360° flexible LED*

1. Fissare la staffa del rosone al soffitto con tasselli e viti in dotazione

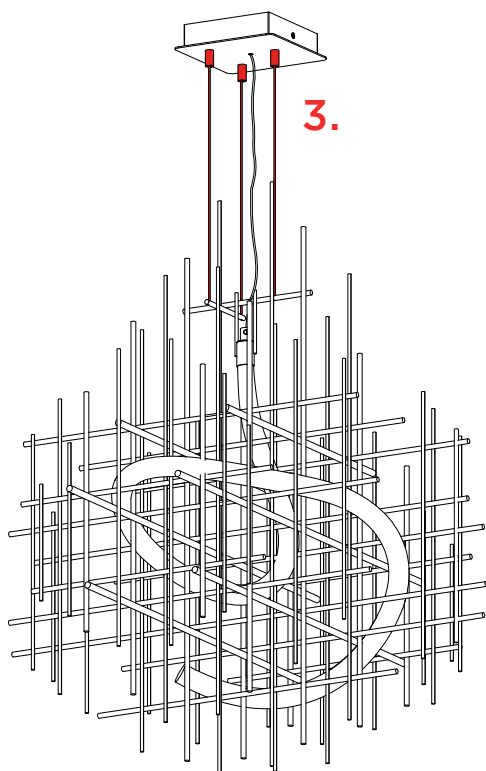

1. Fix the rosette bracket to the ceiling with dowels and screws provided

2. Unire il cablaggio della lampada all'impianto domestico, e successivamente fissare il rosone alla staffa a soffitto.

2. Connect the wiring of the lamp to the domestic installation, then attach the rosette to the ceiling bracket.

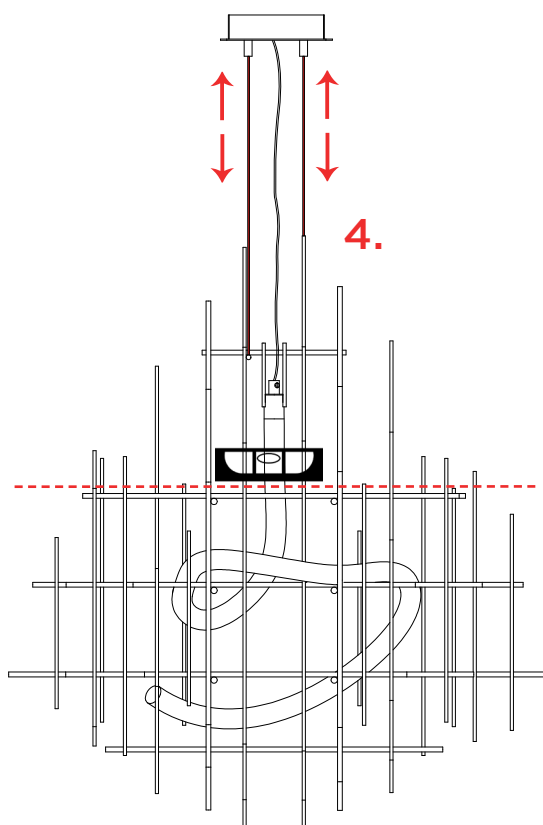

N.B.: Cavi elettrici non forniti
N.B.: Electrical cables not supplied

AVVERTENZA: Tutte le operazioni e la sostituzione del cavo di alimentazione dovranno essere eseguite da personale qualificato
WARNING: All operations and the replacement of the power cable must be performed by qualified personnel

3. Inserire i cavi d'acciaio negli appositi bloccacavi e regolare all'altezza desiderata

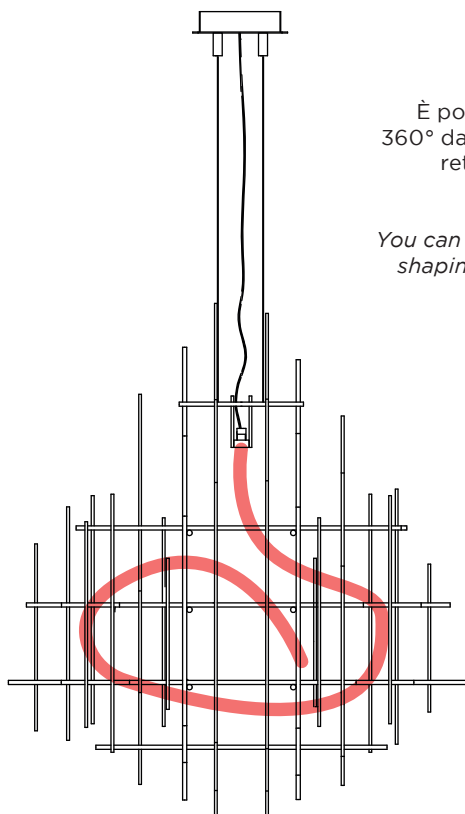

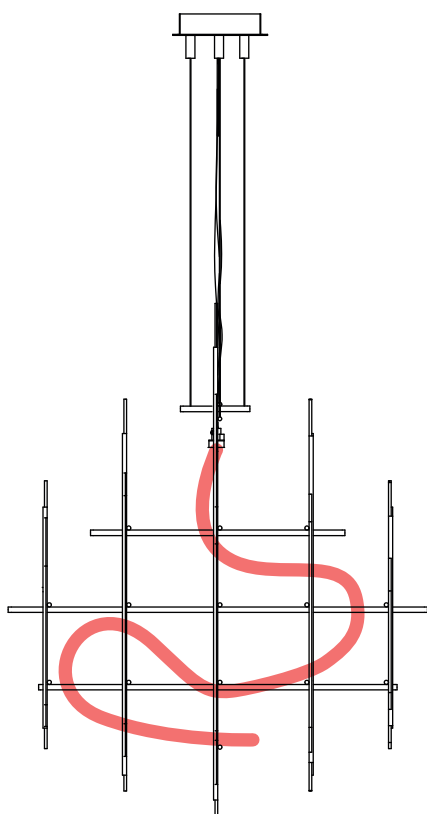

3. Insert the steel cables into the cable locks and adjust to the desired height

4. Per livellare la struttura, alzare o abbassare un cavo d'acciaio alla volta, successivamente tagliare quello in eccesso

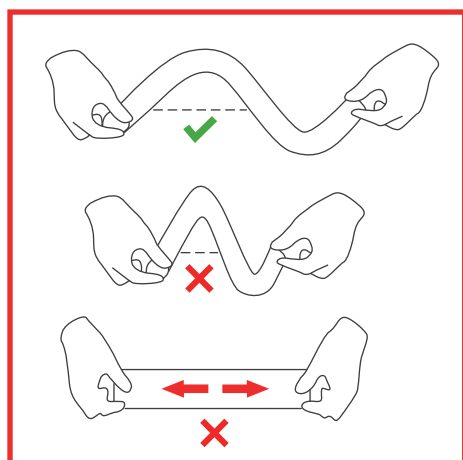

4. To put up the structure, raise or lower one steel cable at a time, then cut off the excess

POSIZIONAMENTO LED LED POSITIONING

È possibile decidere come posizionare il Led 360° dandone forma a piacimento utilizzando il reticolato creato dalla struttura in metallo, come gli esempi a fianco

You can decide how to position the 360° LED by shaping it as you like using the grid created by the metal structure, like the examples opposite

AVVERTENZA:

importante seguire questi due piccoli accorgimenti:

- NON fare curve inferiori a Ø 120 mm, potrebbe danneggiare irrimediabilmente la strip led
- NON allungare/tirare

WARNING:

- important to follow these two small precautions:
- DO NOT make bends smaller than Ø 120 mm, it could irreparably damage the LED strip
- DO NOT stretch/pull

Istruzioni per la pulizia:

Utilizzare un panno asciutto

Cleaning instructions:

Use a damp cloth
